

I Want to Give for Healing* (Donate Life hymn)

tune: Houston

I want to walk as a person of Love,
I want to give for healing.
I was in darkness and fear had me bound,
And now there's new life given.
We have the gift of Life in our hands, our loves and lives continue on!
Until we meet in the city of Life.
I want to give for healing.

I want to walk as a person of Hope,
Let me not be discouraged.
My heart and kidneys- yes, they live in you.
Oh, now, what hope- what glory!
For us there is no defeat at all, our loves and lives continue on,
Until we meet in the city of Life.
I want to give for healing.

I want to walk as a person of Peace,
Let me not be forsaken.
People are waiting, they're waiting for you,
Will you not give what's needed?
We have the gift of Life in our hands, our loves and lives continue on!
Until we meet in the city of Life,
I want to give for healing.
